# Spread Rates

## Approximate Rate of Spread

Thickness (mm)	AC Med Open m <sup>2</sup> /per tonne	AC Dense m <sup>2</sup> /per tonne	HRA m <sup>2</sup> / per tonne	SMA m <sup>2</sup> / per tonne
15		27		
20	16.5	20		20.5
25	15.5	16	17	16.5
30	14.5	13.5	14	13.5
35	12.5	11.5	12	11.5
40	11	10	10.5	10
45	10.5	9	9.5	9
50	9	8	8	8
60	7.5	6.5	7	7
70	6.5	5.5	6.5	5.5
80		5	5.5	5.5
90		4.5	4.5	4.5
100		4	4.5	
110		3.5	3.5	
120		3.5	3.5	
130		3	3.5	
140		3	3	
150		2.5	2.5	

NOTE: The Rate of Spread is an approximation only and is subject to site levels.

Visit our website and use our tonnage calculator to do the hard work for you at

## Focusing on service

"The quality of both material and service received is exceptional!"

# Overview

## Company Overview

**We produce a full range of asphalt products to suit all construction projects.**

MQP prides itself in giving an excellent service to its customers including an average turnaround of under 20 minutes at most of our collect units.

**Our Vision** “We will give our customers what they want when we promise it, have valued employees striving to succeed in a safe workplace and minimise our impact on the environment.”

### How to Collect from Us

For standard products in small quantities such as binder / dense surface course - just turn up at an **MQP - Collect & Go Plant**.

For large orders, specialist products or out of hours collections call our team on **Orders: 01530 832222**

## Certification

**9001** Accredited

**14001** Accredited

## Focusing on service

"Excellent service and product."

# Safety Guidelines

## Your safety is our priority

Our MQP - Collect & Go sites are busy working plants where health and safety is essential. To prevent injury, please follow our safety guidelines:

- Report to the weighbridge before being loaded.
- Use designated vehicle routes, parking areas and pedestrian walkways.
- Comply with all safety instructions given to you by site staff.
- Use designated sheeting area / bay to sheet and un-sheet your vehicle.
- Switch off your engine and remove the ignition key when leaving your vehicle unattended.
- Do not use your mobile phone when driving or walking on site.
- Ear protection if required in designated areas.

- Do not allow gas cylinders to come into contact with hot substances.
- Before manoeuvring check the area around your vehicle for people / hazards.
- Seat belts must be worn at all times the vehicle is in motion.
- Flashing beacons to be used at all times on site (unless advised otherwise).

### You must wear the following PPE:

- Safety Helmet & Glasses
- Safety Footwear
- Gloves (for sheeting up)
- Hi-Vis Clothing

**Midland Quarry Products are committed to achieving a target of zero harm.**
